Retail Price: \$4,088

6 TEMPERATURE CONTROLS

Experience ice-cold water & preferred hot temperatures.

Hot:
45°C, 75°C, 85°C

Ice-cold (2 Levels):
Up to 4°C, 6°C

Ambient:
25° - 27°C

4 WATER VOLUMES

Select from 4 customisable water volumes to suit every need. 120ml - 250ml - 500ml & Continuous.

FILTER REPLACEMENT INDICATOR

The built-in filter replacement indicator ensures water stays clean and safe by notifying exactly when it's time for a replacement.

SLIMMEST & SLEEK

W 5.5cm x D 12.5cm x H 24.7cm.

MOTION DETECTION SENSOR

If the machine is not operated for a minute, it automatically enters energy saving mode.

※ Wakes up the product from sleep mode when motion is detected.

CHILD-DISPENSING BUTTON

Thoughtfully designed for children. It provides easy access to water while preventing hot water from being dispensed for enhanced safety.

※ Hot water won't be dispensed.

REMOVABLE NOZZLE

The removable nozzle is designed for effortless cleaning, ensuring optimal hygiene and easy maintenance.

LED DISPLAY PANEL

Intuitive display of:
Time, Dispensing volume, Dispensing temperature, Sterilisation Setting, Child Safety Lock, Voice Guide.

180° ROTATION

Experience flexibility at its best with 180° rotation to the left and right, ensuring convenient access to water from any angle. Perfect for any space or setup.

AUTO STERILISATION / MANUAL TIME CONTROL

Ensure hygiene with auto sterilisation every 7 days or manual control. The 30-minute sterilisation process effectively removes bacteria for a safer, cleaner experience.

COMPACT, SMALLEST IN DEPTH

W 18cm x D 39cm (29) x H 39cm.

USER-FRIENDLY VOICE GUIDE

10 Volume Sound Settings. Prompt on current status and functions.

ENERGY SAVING MODE

During off peak hours 10PM - 6AM, the display LED brightness is automatically reduced when not in use.

CHILD SAFETY LOCK

Prevents accidents and ensures safe usage for children.

LED DISPLAY PANEL

Intuitive display of: Time, Dispensing volume, Dispensing temperature, Sterilisation setting, Child safety lock, Voice guide.

AUTO STERILISATION & MANUAL TIME CONTROL

Auto Mode:

Sterilises cold water flow every 5 days using electrolysed water.

Manual Mode:

Press and hold the sterilisation button for 5 seconds to clean the spout and water flow, or 10 seconds for a deeper cold water sterilisation.

Enjoy fresh, safe water with minimal effort!

HOT AND WATER VOLUME MEMORY

Convenient selectable capacity memory and quick memory functions allow re-dispensing water without resetting preferred temperature or volume each time.

The built-in touch sensor buttons are designed for effortless and convenient use.

USER-FRIENDLY VOICE GUIDE

Provides prompts on the current status and functions for ease of use.

ADJUSTABLE FAUCET

Rust-free stainless steel pipe, suitable for cups and bottles of all sizes.

AUTO STERILISATION & MANUAL TIME CONTROL

Enhances hygiene with automatic sterilisation every 7 days.

STEALTH ELECTROLYSIS TECHNOLOGY

Water channels and filters are thoroughly cleaned and sterilised using electrolysis water.

FILTER STERILISATION

Sterilises the filter interior, effectively removing bacteria, chlorine, metal and micro-organisms, trihalomethane, rust, and viruses.

The STEALTH Electrolysis Technology also extends the filter's lifespan, ensuring clean, fast, and safe water flow.

4D+3D DUAL-CORE 'V' MASSAGE WITH HEATED JADE ROLLER

Heated Jade Rollers (~40°C): Retain heat evenly to relax muscles and improve circulation.

4D Upper Body Massage: Adapts to body curves, tension points, and muscle tightness for a rhythmic, therapist-like experience.

3D Lower Body Massage: Provides deep, targeted massage for waist and hips—ideal for strained backs and sedentary hips.

HEAT THERAPY SHAWL (MOXIBUSTION-INSPIRED)

Gentle 40–50°C warmth for shoulders, chest, waist, and abdomen for gentle pain relief and full body relaxation.

ARMREST PIANO-STYLE MASSAGE

Rhythmic massage flows to fingertips, easing tension and soreness.

SMART AUTO FOOT CIRCUMFERENCING

Precisely measures feet for a perfect fit, letting airbags cradle every contour and rollers target key reflexology points—including toes—for a customized massage.

I-OPEN FLEXIBLE RAILS

Gently relieves pressure and promotes full-body relaxation with advanced spinal stretching, while V-shaped rollers trace the body for a hand-like, immersive massage.

DUAL INTELLIGENT AI DETECTION

4 Health Index Monitoring: Tracks blood oxygen, heart rate, fatigue level, and micro-circulation.

Body Shape Detection: Scans spine and shoulder contours for a precise, personalised fit.

AI-Powered Customisation: Automatically recommends and adjusts massage settings for safer, deeper, and more effective relaxation.

20 PROFESSIONAL MASSAGE PROGRAMMES

From traditional Chinese and Thai techniques to stress-relief, energy-boosting, and sports-recovery modes, there's always a massage to fit every need.

Cloud 9

3D Full-Body Wrap-Around Airbags

Total 36 Airbags – Customisable pressure for a complete, refined massage experience.

Shoulders:
Double-layer 3D airbags stretch and relieve stiffness.

Arms:
Reduce fatigue and ease wrist or repetitive strain discomfort.

Waist & Hips:
Release tension and core pressure.

Calves:
A multi-airbag design wraps around the calves to ease muscle soreness.

Feet:
Surrounds the feet for deep, soothing compression.

Double-Jointed, Two-Way Leg Stretch

Legs and feet, often called the body's "second heart," play a vital role in overall wellness.

This dual-section, bi-directional leg stretch supports natural calf extension and provides dual-direction stretching to significantly enhance comfort and circulation.

Zero Gravity

Reclines the body into a neutral, weightless position that evenly distributes pressure and reduces strain on the spine. The result is a light, floating sensation that enhances relaxation and promotes deeper, more restful sleep.

4D + 3D DUAL-CORE 'V' MASSAGE

Experience the pinnacle of massage technology. The dual-engine system offers advanced 4D techniques—including Shiatsu and deep-tissue kneading—simulating the precision of professional masseuse.

3D FULL BODY WRAP-AROUND AIRBAGS

Total 44 airbags deliver synchronised, wave-like compression to shoulders, arms, and hips for deep muscle relief and full-body comfort.

HEATED ADVANCED FOOT SPA THERAPY

Uses kneading, rubbing and scraping motions, gentle stretches and multi-directional foot rollers to target calf muscles, support knee joint health, and stimulate key acupressure points on your feet.

BACK & CALF HEATING

Warmth enhances blood flow and nutrient delivery, accelerating muscle relaxation so airbags and rollers can more effectively ease soreness, stiffness, and fatigue.

I-OPEN FLEXIBLE RAILS:

Gently relieves pressure and promotes full-body relaxation with advanced spinal stretching, while V-shaped rollers trace the body for a hand-like, immersive massage.

DUAL-TRACK MASSAGE SYSTEM (S + L TRACK)

Follows the spine down to the glutes for a longer, seamless massage from neck to hamstrings. Ensures deep-tissue coverage, supports a natural lying position, and helps reduce snoring and digestive pressure.

DUAL INTELLIGENT AI DETECTION

4 Health Index Monitoring: Heart rate, oxygen saturation, fatigue index.

Body Shape Detection: Scans spine and shoulders for a precise, personalised fit.

AI-Powered Customisation: Automatically recommends and adjusts massage programs for safer, deeper, and more effective relaxation.

20 PROFESSIONAL MASSAGE PROGRAMS

Developed with medical specialists and research teams, targeting specific techniques and body areas for a tailored wellness experience.

INTELLIGENT VOICE & TOUCHSCREEN CONTROL

Hands-free operation with intuitive voice recognition and touchscreen interface, making the massage experience effortless for users of all ages.

ZERO-GRAVITY & ZERO-SPACE DESIGN

Inspired by aerospace technology, Zero-Gravity recline elevates thighs and calves above the heart level for weightless relaxation. Zero-Space design allows full operation with just 10cm of wall clearance.

Anti-Oxidant Alkaline Water Filtration System

Retail Price: \$888

4-stage Alkaline Filtration System

INSTANT DRINKABLE WATER

Packed with benefits of natural alkaline minerals. Acidic waste that builds up over time is neutralised, helping to support overall body pH balance.

REMOVES GERMS

With our 4-stage Alkaline Filtration System, it removes 99.9% of sediments including dirt, rust and other impurities, as well as organic chemicals such as chlorine and unpleasant odours.

SAFE FOR SKIN

Not only it is suitable for drinking, but it is also safe for sensitive skin and even eczema friendly.

NO ELECTRICITY NEEDED

A plug-free solution for clean water. Enjoy purified water without worrying about rising utility bills.

Dimension: W 30cm x D 10cm x H 20cm

Sediment Filter

First stage involves a robust Sediment Filter designed to eliminate all impurities, ranging from rust and dirt to sand and microscopic particles, ensuring optimal water purity.

Alkaline PH Enhancement

Alkaline water filter in Singapore enhances water by increasing hydrogen ion concentration, thereby lowering oxidation-reduction potential. It reduces water molecule cluster size, promoting superior hydration and detoxification.

Nano Filtration Filter

Nano Filtration system leverages reliable technology to selectively permit only pristine water with essential mineral content, effectively eradicating 99.9% of bacteria, germs, and viruses from the water.

Nano PH Filter

Our carbon filter, equipped with granular activated carbon, mimics natural water properties by absorbing and eliminating organic chemicals, such as chlorine and odors, ensuring fresh-tasting and odor-free water.

happie

— AROMA RETREAT —

Vitamin C Shower Filter

Retail Price: \$68

99.9% CHLORINE & ODOUR REMOVAL

This filter removes up to 99.9% chlorine by absorbing the chlorine molecules, binding them to a surface, and preventing them from passing through the filter.

RELIEVES & CALMS SENSITIVE SKIN/ ECZEMA

This filter results in fresh, purer water that gently cleanses the skin without carrying any unwanted impurities. Hence, relieving and calming sensitive and eczema skin types.

SKIN REGENERATION

Regular use of the Vitamin Shower Filter may help to reduce the outward signs of skin aging, leaving skin and hair looking and feeling rejuvenated and moisturised.

REMOVE RUST, HEAVY METALS & IMPURITIES

This filter traps sediment, chemical molecules, and particulate matter and removes majority of these unwanted impurities from our shower water.

SUITABLE FOR ALL AGES AND SKIN TYPES

Aromatherapy blends have been proven to have physical and mental health benefits, such as feeling refreshing, invigorated, energized, or relaxed.

Paris

A chic and sophisticated aroma for an uplifting cleaning ritual.

Sakura

A delicate cherry blossom fragrance to fresh and calm.

Bulgarian Rose

A luxurious floral scent for spa-like serenity.

Centella Asiatica

A soothing herbal blend to nurture and revitalise the skin.

Charm

A warm and uplifting scent for gentle rejuvenation.
